

Financing your foreign direct investments

Your situation

You are an Austrian company that is planning to buy shares in an existing company abroad, set up a new company abroad or grant a shareholder loan to your foreign subsidiary. Your bank can grant the loan to you (option 1) or directly to your foreign subsidiary, backed by your guarantee (option 2).

Your solution

We support you in financing your foreign direct investments. Your bank finances the acquisition of the assets, of the shares in the company, the shareholder loan or the investment, and we refinance your bank. The Republic of Austria takes over part of the commercial risk from your bank.

Option 1: injection by the Austrian investor

Option 2: injection by the bank (direct credit)

Your benefits

- Your funding becomes easier as the Republic of Austria can take over part of the commercial risk from your bank up to 30%, depending on your creditworthiness, repayment structure and term. In case of investments in particularly sustainable projects risk of up to 40% can be taken over.
