

Export Financing Guarantees Act

Federal Law relating to the financing of contracts and rights

(Export Financing Guarantees Act – EFGA)

Federal Law Gazette No. 196/1967, most recently amended by Federal Law Gazette I No. 192/2022

This translation is provided for convenience only. Although it was prepared with great care, neither we nor the translator guarantee its accuracy or completeness. In the event of contradictions, the German legal text shall prevail.

Section 1. (1) The Federal Minister of Finance, acting on behalf of the Republic of Austria (the “Federation”), is authorised until 31 December 2028, to assume liabilities in the form of guarantees for financing transactions (bond issues, loans, credits or other liabilities) raised by the agent of the Federation pursuant to section 5 paragraph 1 Export Guarantees Act, Federal Law Gazette no. 215/1981, as amended, in case the proceeds of such financing transactions are used for

- (a) the full or partial financing of contracts or rights for which the Federation has issued a guarantee under the Export Guarantees Act, Federal Law Gazette no. 215/1981, or under the Export Guarantees Act 1964, Federal Law Gazette no. 200, as applicable from time to time, or
 - (b) the full or partial financing of contracts or rights which satisfy the statutory requirements of the Export Guarantees Act, Federal Law Gazette no. 215/1981, as amended, and for which a credit insurer examined by the agent of the Federation has assumed liability, or
 - (c) the full or partial financing of contracts or rights which satisfy the statutory requirements of the Export Guarantees Act, Federal Law Gazette no. 215/1981, as amended, and for which Austria Wirtschaftsservice G.m.b.H. has granted a guarantee, or
 - (d) the full or partial financing of contracts or rights which satisfy the statutory requirements of the Export Guarantees Act, Federal Law Gazette no. 215/1981, as amended, and for which an international organisation whose creditworthiness is beyond doubt has assumed liability, or
 - (e) a temporary investment by the agent of the Federation in the context of the export financing scheme, or
 - (f) the payment of obligations of the agent of the Federation, for which guarantees have been granted under this Federal Law.
- (2) Guarantees are granted
- (a) in favour of creditors of the agent of the Federation for the fulfilment of its liabilities arising from the financing transactions it raised pursuant to paragraph 1;

(b) in favour of the agent of the Federation for a certain exchange rate between the euro and another currency (exchange rate risk) when fulfilling the obligations arising under financing transactions pursuant to paragraph 1 for the respective period during which the proceeds of the financing transactions are applied for the financing pursuant to paragraph 1 in euro; guarantees under this paragraph may be issued for the entire term of the financing transaction or from time to time for parts of the term of the financing transaction.

(3) In case of a change of the agent of the Federation, guarantees pursuant to paragraph 2 may also be issued in favour of the former agent of the Federation in order to use the proceeds of new financing transactions to maintain outstanding financings at the time of the change of the agent of the Federation. After the change of the agent of the Federation the former agent of the Federation is obliged to use repayments from financings, including any proceeds from interim investments, for the redemption of financing transactions, proceeds of which were used in the export financing.

(4) The Federal Minister of Finance is authorised to reduce by appropriations the financing costs of financing transactions mentioned in paragraph 1 (net proceeds of the financing transactions without interest and costs) in an amount of up to 20 billion euro.

(5) In order to allow financing of contracts or rights for which a liability pursuant to section 1 paragraph 1 letter b or d is available the liability for economic or political risks connected with the respective contract or right must be comparable to the liability pursuant to the Export Guarantees Act, Federal Law Gazette no. 215/1981, as amended.

Section 2. (1) The Federal Minister of Finance may only grant guarantees pursuant to section 1 if

1. the outstanding aggregate amount of guarantees does not exceed 40 billion euro at any one time; this ceiling relates to the principal amounts guaranteed without interest and costs; a supplemental amount is to be added for the exchange rate risk in the size of 10 per cent of the euro equivalent of the financing transaction;
2. the individual financing transaction does not exceed the amount (equivalent) of 3.3 billion euro; this ceiling relates to the principal amount guaranteed without interest and costs; a supplemental amount is to be added for the exchange rate risk in the size of 10 per cent of the euro equivalent of the financing transaction;
3. the maturity of the financing transaction pursuant to section 1 does not exceed 40 years;
4. with respect to a financing transaction, taking into account any currency and interest rate swap contracts, the total costs for the Federation in per cent, defined as the annualised internal rate of return in arrears according to section 2 paragraph 3, do not exceed by more than 3 percentage points the rate of return on the corresponding government bond in the secondary market on the day preceding the date of pricing; for this purpose such government bond issued in national currency shall be used, of which the remaining time to maturity is closest to the maturity of the financing transaction at the time of issuance; if no government bonds of comparable residual time to maturity exist, government guaranteed bonds or bonds issued by provinces and municipalities, bonds of international issuers or

interest rates in the credit and loan markets shall be used for comparison by analogy and in the sequence as listed above, in each case the “applicable reference rate prevailing in the markets”;

5. with respect to a financing transaction, taking into account any currency and interest rate swap contracts, for which payments of interest or of principal are determined on a floating rate basis dependent on an applicable reference rate or price prevailing in the markets, the cost components, expressed as an annualised percentage in arrears, defined as commissions, margins and premiums, and computed on the day preceding the date of pricing do not exceed by more than 3 percentage points the reference rate or the reference price prevailing in the markets on the day preceding the date of pricing;
6. in case early termination of the financing transaction is agreed, the total costs expressed as a percentage of such a termination are not exceeded;
7. the currency of the financing transaction is euro or a foreign currency.

(2) Amounts in foreign currency shall be counted towards the aforementioned guarantee amounts on the basis of the reference exchange rates published by the European Central Bank on the day of the granting of the guarantee; if no reference exchange rate for the contract currency is published by the European Central Bank, the amount is to be calculated at the exchange rate ascertained in the markets.

(3) The internal rate of return is defined as such annual interest rate in arrears which is derived through financial calculus from such discount factor at which all payments stipulated by contract for the term of the financing transaction are discounted to present value at the time of pricing to equal the net proceeds of the financing transaction.

Section 3. Claims will arise under guarantees in cases where

- a) the borrower does not fulfil their contractual obligations under a financing transaction;
- b) the euro equivalent of a financing transaction denominated in a currency other than euro is, by alteration of the exchange rate between such other currency and the euro, at the end of the relevant period, during which the euro equivalent of the financing transaction was applied to financing pursuant to section 1 paragraph 1, higher than the euro equivalent of the financing transaction in such other currency at the start of the stated period.

Section 4. In case the euro equivalent of the currency of the financing transaction guaranteed pursuant to section 1 paragraph 2 letter b is, at the end of the period therein referred to, higher than at the start of the stated period, the Federation shall refund the difference to the agent of the Federation; in case the euro equivalent of the currency of the financing transaction at the end of the period referred to therein is lower than at the start of the stated period, the agent of the Federation shall refund the difference to the Federation.

Section 5. (1) Amounts to be paid as fee for the issuing of guarantees pursuant to section 7 as well as those to be refunded by the agent of the Federation pursuant to section 4 shall be credited to an account of the Federation with the agent of the Federation on an ongoing basis.

(2) In case a claim is made against the Federation under guarantees pursuant to section 1 paragraph 2 letter b, any credit balance on the account of the Federation pursuant to paragraph 1 shall be used for its payment. In case no credit balance is available, the Federation shall allocate other budget means for such payments.

(3) As a rule, the credit balance of the Federation pursuant to paragraph 1 shall be used in the export financing scheme of the agent of the Federation.

(4) In case the credit balance of the Federation pursuant to paragraph 1 exceeds at 31 December of a calendar year 1 per cent of the ceiling of guarantees pursuant to section 2 paragraph 1 no. 1, the respective amount in excess shall be remitted to the Federal Treasury until 20 January of the succeeding calendar year.

(5) In case a guarantee by the Federation pursuant to section 1 paragraph 2 letter a has been called, the Federation is entitled to claim from the agent of the Federation not only the debt paid (section 1358 of the Austrian Civil Code (ABGB)) but also all costs accrued in connection with the payment under the guarantee.

Section 6. The Federal Minister of Finance may appoint a Commissioner and a Deputy Commissioner at the agent of the Federation to protect their rights in connection with the granting of guarantees. As far as this Federal Law is concerned, these persons have the right to inspect all books, documents and other records of this company and to take part in all meetings. The company may be instructed to pay for the work of the Commissioner and the Deputy Commissioner to the Federal Treasury an annual lump sum fee which is determined by the Federal Minister of Finance. The fee shall be in reasonable relation to the work and expenses connected with their duties.

Section 7. (1) A fee is payable for the issuing of guarantees.

(2) As far as terms used in this Federal Law relate to individuals, the chosen form applies to both genders. In case these terms are applied to specific individuals, the respective gender-related form must be used.

Section 8. The Federal Minister of Finance is entrusted with the implementation of this Federal Law.
